**Installation Instructions for FA-35-SL4243-KIT**

**Lens Kit for SL-42 & SL-43**

---

### Contents:

- (1) High Impact Acrylic Lens
- (1) Aluminum 1/4" x 3/4" Hex Spacer
- (2) 6/32" x 1/4" Phillips Flat #2 Screws

### Instructions:

1. Thread Hex Spacer onto pre-installed Stud Cert directly across from socket/lamp and hand tighten.
2. Align 2 pilot holes on lens with hole in Socket Bracket and hole in Hex Spacer.
3. Using Phillips #2 screwdriver and supplied screws, secure lens to fixture.

**NOTE:** Colored lenses are available in Red, Green, Blue and Orange. To install colored lenses simply remove the 2 screws and replace clear lens with colored lens.
